A TEXT WITH A COMMENT.

"The Republicans of North Carolina will administer the government economically."—*Daily Standard, March* 27, 1868.

These two lines contain a deliberate pledge for the Republican party in North Carolina, made by the head and leader of that party in the State, Governor Holden.

We have before us the Auditor's Report for the fiscal year ending September, 30th 1869, transmitted through this same Governor Holden to the General Assembly, now in session, which may serve as a commentary on the above pledge.

Turning to page 21 of the report, under the head of "receipts and disbursements of Public Fund for the fiscal year ending Sept. 30th 1869," we find, total receipts $8,550,877,62, and disbursements, $8,687,428,97; the disbursements exceeding the receipts by $136,551,35. These are pretty strong totals, in view of the pledge of an "economical" administration of the Government.

When we come to look at the purposes of these disbursements, we are still more struck with the peculiar notions of economy, which actuate the Governor and the other public functionaries of the Republican party, in administring State affairs.

We notice that the Adjutant General's department costs the State within a fraction of (two thousand dollars. It would be very difficult, we think, to show what benefit the State has received for this outlay of her money. The militia of the State has not been even enrolled; in short nothing has been done by this high-paid State functionary, except ordering the militia to Alamance and Jones, the expenses for which are not included in the above sum, but was paid by those counties themselves.

Then we see the Auditor's department cost the State $4,110. What is all that for?

Binding the Laws, over six thousand dollars. Expenses of Capitol Square, put down in one item, three thousand dollars; then in another item, for keeper of Capitol and weights and measures, over one thousand dollars, and again another item, weights and measures, over one thousand dollars. All this looks like a sad commentary on the pledge to administer the government economically.

The expenses of the General Assembly are put down at one hundred and ninety one thousand dollars, and that not including the present session, which will be at least one hundred thousand more.

Then we have expenses for Superintendent of Public Works, Col. C. L. Harris, who was all the year trying to do something and the Governor wouldn't let him do it, two thousand, five hundred dollars. But all this is only a glimpse, a very slight sample, of the extravagancies that have been practiced, instead of the promised economy.

But of all the items in this monstrous, reckless, extravagant waste of the people's money, there is nothing so monstrous, so barefaced, as the *contingent* account. This item alone is put down in the Auditor's Report, at *seventy-six thousand, five hundred dollars!* We have before alluded to this contingent item in the Auditor's and Treasurer's report, and so unprecedented is the amount that a resolution has been adopted, we believe, by the Senate, asking the Auditor what were the items making up this enormous contingent charge. But up to the present, the required information has not been furnished.

One item of this Republican administration economy is five hundred dollars expense for sending the Adjutant General to Vermont (his home) on business for the State! We have never been able to learn what business it was that required this special trip at a cost to the State of five hundred dollars, though we have asked repeatedly.

Another item is several hundred dollars for ice for the capitol, though the ice bill only reaches to July, and it is reasonable to suppose it was larger after that time than before.

But the rarest exemplification of Radical economy and the manner of carrying out the Governor's pledge, lies in the fact that, the Legislature levied a tax *seven times* as high as was ever collected off the people in any one year before, and notwithstanding this fact, *it is all gone* in less than thirty days after the time appointed for the Sheriffs to pay it into the Treasury, so that the State can't even pay her gas bills, nor buy stationery for the use of the Legislature and public officers.

But all these State extravagances are aside from the expenditures by county officials, which we cannot speak of particularly to-day, but the people know something about the economy practiced in the several counties where Radicals bear sway. Wake county knows something of their economy, when told that the Trustee can't pay off her witness and jury tickets.

We have told the people of Wake that one of her county Commissioners, Mr. Rogers, takes an oath to carry out the laws and regulations of the Post Office Department, one of which is, that he is to reside "within the delivery" of the office, and yet proves an account for mileage from Fish Dam, sixteen miles off. This is a fair sample of the "economy," practiced by many county officials.

We shall have more to say on this subject hereafter.

PUBLIC FEELING.

The feeling of the public, without regard to party affiliation, on certain measures and questions agitated by the Radical party of this State, is unmistakably of a condemnatory character, and it is equally plain that the expression of this feeling in the meetings that have been held, has had the effect of forcing the native party leaders to recede from the bold positions they had taken in favor of the corrupt measures they were attempting to force on the people.

Every body at all familiar with affairs here, knows that, since the coming together of the Legislature for the present session, there has been a decided back down on the subject of prolonging the tenure of the present General Assembly; and it is equally clear that there is a crawfish movement now on the military bill.

These facts are the more gratifying, as they show the potency of the public voice, even with the most reckless partisans. The two measures above alluded to are understood to be favored by the Governor—yes, that their adoption was anxiously desired by him, yet willing as the dominant party in the Legislature may be to "sneeze when he takes snuff," they are, nevertheless, bound to draw back from the giddy precipice he had led them to; for some of them, at least, have hopes and aspirations of their own for the future, and they saw that to make the sacrifices he was requiring of them, was to commit political suicide.

The defeat of the military bill, even in the degree of knocking a single paragraph out of it, as Shoffner introduced and had it passed through the Senate, is the defeat of Gov. Holden; for it was the progeny of his brain, the child of his love, framed at his dictation, if not drawn by himself. It was to be the ladder on which he hoped to climb into the United States Senate, and hence the haste and vehemence with which it was urged before the adjournment. He knew if the people, and even the radical members had time to discuss it, it was lost. He knew, also, that those who might vote for it, especially, from the Western part of the State, were particularly dead, but what cared he!

There may be reckless members egough to put the bill through, but never in its original shape. There are too many of them who have seen the hand writing upon the wall for that.

THE LEGISLATURE.

As will be seen by the reports, the Senate on yesterday was engaged in no important question. A bill incorporating a company for purchasing and settling some of the public lands in the Western part of the State, passed the second reading, after some amendments.

In the House the military bill occupied the day. Mr. Seymour moved to strike out the second section, relating to a suspension of the writ of *habeas corpus*. This is a little strange, when we remember how that gentleman urged and maneuvered to have the bill rushed through with that section in it, before the recess. He had probably found out that the party could'nt stand the pressure of that clause, and so moved to strike it out, which was done.—He also gave notice that he had other amendments to offer.

Mr. Malone offered an amendment to the clause empowering the Governor to declare any county he may choose in a state of insurrection, the discussion of which was continued to adjournment.

If all the unconstitutional, anti-republican and mischievious features are stricken from the bill, there will be nothing left of it but the enacting clause.—While the second section was an open and direct attack upon the constitution and civil rights, it was not the most dangerous and offensive part of the bill, so far as the immediate effect on the rights and liberties of the people is concerned.—We believe the mischievous bill will yet be killed, the people demand it.

THE TELEGRAPHERS' STRIKE.—There appears, at present, but little probability of compromising the differences existing between the Telegraph Company and the operators.

Information from New York of the 12th; from New Orleans and various other points of the same date, represent the strikers as firm and confident. Some few points have been supplied by "plugs," who sneakingly creep in to supplant and defeat those who are contending for their own rights, or the rights of their craft, but in most cases, the new recruits are unreliable, and incapable of an intelligent discharge of the important duties of their position.

We think it would be wisdom in the company to make a prudent and liberal concession to the operators, reinstating all who have been cut off, and resume business in a manner to recover and retain public respect and public confidence.

See proceedings of the Typographical Union of this City.

AFRAID TO DO IT.—A number of public meetings that have been held in various counties, were participated in equally by members of both parties, and the proceedings ordered to be offered for publication in the SENTINEL and *Standard*. Some of these probably were sent direct to the *Standard* in manuscript, others sent to us, with the request to furnish the copy to that paper. Where this request has been made, we have complied with it; but in no instance has that paper published them.

Now, we call the attention of the *Standard*'s party friends in the counties where these meetings have been held, to the fact that their organ refuses to them the courtesy of publishing their views on public questions, even when requested to do so. The *Standard* is afraid of the effect it would have to let its readers know that any of its party disapprove the course of the reckless spirits who think the party belongs to them, body and soul.

We mention the facts in this case, that those who have made this request of us, have had their requests complied with.

Yesterday's proceedings of the Supreme Court necessarily crowded out to-day—will appear in next issue.

SPECIAL ORDER.

The bill to secure the better protection of life and property.

Mr. Seymour called for a reading of the bill. (Bill on its third reading.)

The bill being read, Mr. Gunter obtained the floor and moved to lay it on the table.

The yeas and nays being called upon the motion resulted in the following ballot:

YEAS.—Messrs. Argo, Armstrong, Beddie, Candler, Clayton, Davis, Davidson, Dunham, Ellis, Farrow, Forebee, Gatling, Gibson, Green, Gunter, Harris, of Franklin, Hicks, High, Hinnant, Hodnett, Jarvis, Kelly, of Davie, Malone, Matheson, McMillan, Mendenhall, Moore, of Alamance, Nicholson, Painter, Proffitt, Ragland, Robinson, Shaver, Siegrist, Smith, of Wayne, Snipes, Thompson, Whitley and Williams, of Harnett—40.

NAYS.—Mr. Speaker, Messrs. Ames, Ashworth, Banner, Barnett, Barnes, Blair, Bowman, Carson, Cawthorn, Crawford, Dixon, Downing, Eagles, Forkner, Foster, Franklin, Gahagan, Graham, Harris, of Wake, Hodgin, Hoffman, Hodgins, Ingram, Justice, of Rutherford, Kelly, of Moore, Kinney, Leary, Long, of Chatham, Long, of Richmond, Mayo, McCanless, Moring, Moore, of Chowan, Morrill, Morris, Pearson, Pou, Price, Proctor, Renfrow, Robbins, Reynolds, Seymour, Smith, of Martin, Stanton, Stevens, Sweat, Sykes, Vestal, Vest, Waldrop, White and Wilson—54.

Mr. Seymour took the floor and gave the reasons why he supported the bill, repeating in substance, the arguments he used when the bill was first before the House.

He charged that there were many portions of the State where the laws were not, and could not be enforced; and men of position and influence countenanced this violence and sought to shelter those who were guilty of outrages and violent infractions of the law.

Mr. S. then proceeded to detail several outrages and said organized bands intimidated officers of the law and witnesses, and declared that murder, arson and rapine were rampant in certain sections. He claimed that the principles of the bill went back to the first stages of English Common law and it gave no power that was not given in the time of war.

In regard to the second section which has reference to the writ of *habeas corpus*, he would say nothing, for the reason he designed offering an amendment striking it out.

In reference to the 3rd section, which he regarded as the most important, he took the ground that in a trial, for instance in Jones county, for an outrage, that a jury, in half dozen counties around, could not be obtained who were not biased one way or the other, therefore, he thought the Solicitors should have the power given them by the section.

He charged that there was a party organized in this State whose settled purpose it was to overthrow the Republican party by illegal means, and to that end had assembled around them outlaws, debtors and discontented spirits; adopting the motto that the "end justifies the means."

He concluded by moving to strike out the second section.

Mr. Ingram announced his determination to support the bill in remarks of some length. He repeated, substantially, the charges brought by Mr. Seymour.

He proceeded to show the insufficient manner in which the laws were executed in his county by detailing how the Grand Jury of Anson county, failed to perform its duty on numerous occasions.

Mr. Seymour's amendment was put to a vote and adopted.

Mr. Malone moved to strike out in section 1st the provisions which empower the Governor to declare a county in a state of insurrection.

Mr. Malone then made an elaborate legal argument against the constitutionality of the bill under discussion. He deprecated the patent effort made by the gentlemen who preceded him (Messrs. Ingram and Seymour) to array the colored man against the white and contrasted the spirit of the speeches of Conservatives to those of the Republicans, who made it a point to appeal to the worst passions of human nature. He charged that the language and spirit of this bill, was to override, nullify and do away with sec. 24 of the Bill of Rights which declares that in time of peace the military should be kept in strict subordination to the civil power. He did not think there was a single man here would assert that a war existed in the State, and yet we have a proposition, in a time of profound peace to tear down the temples of justice and erect what may well be termed a military despotism. Mr. M. then declared that any man who stated that the Conservative party were responsible for what is called "Ku Klux" outrages, or endorsed violence, and rapine was either a fool or a designing liar. He challenged any gentleman to cite a single instance where opposition had been made to the execution of the law by the proper officers in any county in the State.

What man will bring his family and capital to a State whose Legislature declares by the passage of such bill, that war existed and that murder, arson, rapine and bloodshed were rampant throughout its limit. What becomes of the resolution inviting immigration which recently passed this body, and declared solemnly that life, liberty and property were as safe in this State as in any of the Northern portion of our country.

He charged that the bill was a slander upon the people of the State and did them cruel injustice; for no one could say the execution of the law had been resisted, and in truth, quiet and peace reigned within her borders as much as in any other State in the Union.

While he denounced outrages committed by black or white, Democrat or Republican, he could point to numerous crimes and outrages committed by known members of the Republican party and of that organization known as the Union League. Among the others he described the foul and brutal murder of Blalock an ex-Confederate and Democrat, at Hillsboro, by three colored men, members of the Union League. Mr. M. recited a number of outrages, such as murder, rape, arson, &c., which had been proven upon members of the Union League, who upon conviction, had escaped through the leniency of the Court with comparatively light punishments.

Mr. M. then proceeded to enumerate the tyranical and unconstitutional provisions of the bill. It allowed a man to be arrested without affidavit, at the option of one man, cast in prison and left without knowledge of the charges against him, and powerless to obtain a trial before a jury of his peers. Drum-head court martials would be the order of the day and an accusation would be equivalent to a conviction.

The very men whose counsels brought this State into war, and who, when, the South was subjugated were the first to turn their backs upon their comrades and cry "traitors," and who in the canvass urged the adoption of the new constitution on the ground that the State would get back into the Union and that military rule would be done away with and civil law resume its sway, are now crying for the passage of a bill inaugurating a military despotism.

He thought it strange that the leaders in this movement were not from the alleged insurrectionary counties, but who claimed the utmost good order and peace in their counties. Where was the Representative from Lenoir? He (the gentleman from Lenoir) repudiated the bill. The gentleman from Alamance (another county declared to be insurrectionary) also repudiated the bill.

The gentleman from Craven, (Mr. Seymour,) before the recess, had used his utmost power to pass the bill without amendment, when but a bare quorum was present, and now he very properly acknowledged his error by introducing an amendment, striking out the provisions in regard to the writ of *habeas corpus*, and he (Mr. Malone,) thought that if the gentleman (Seymour,) would take more time to reflect, he would be convinced of the iniquitous and unjustifiable character of the whole measure and would vote against it.

Mr. Malone concluded by denouncing the whole as an infamous party measure gotten up merely to have an effect upon the next election by getting up a feeling between the black and white man.

(Mr. Malone's eloquent speech will be published in full at an another time.)

On motion, the House then adjourned.

PUBLIC MEETING IN ALEXANDER.

The citizens of Alexander county met at Taylorsville, on Saturday January 8th, for the purpose of holding a meeting expressive of their opinion regarding the action of our Legislature in relation to certain propositions now pending before that body, and their general mismanagement and extravagance. There being a large crowd, from all parts of the county, assembled in the Court House, on motion A. Carson, was appointed President, and J. Smith, vice President, of the meeting. A. A. Hill and J. B Howell were requested to act as secretaries.

Hon. A. M. Bogle was called on and explained the object of the meeting in a few forcible and impressive remarks. Then, on motion, the chairman appointed the following named gentlemen, to wit: A. M. Bogle, J. P. White, E. Haynes, D. Little and R Carson, a committee draft resolutions for the consideration of the meeting. During the absence of the committee, the meeting was highly entertained by a speech from R. G. Linney, Esq., who spoke at some length and very forcibly of the attempted usurpations, and great corruptions of our State government, Legislative, Executive and Judicial. At the conclusion of whose remarks the chairman of the committee reported the following resolutions, which were adopted:

Resolved 1st. That the citizens of Alexander county, without regard to present or past political associations, have seen and felt enough of the horrors of military rule, and being anxious to live in that peace and good order which now prevails throughout our own and adjoining counties, have read with horror and disgust the bill now before the Legislature, known as the "Shoffner Bill." That we look upon it as a direct attempt to subvert the liberties of our people by placing the sword and purse in the hands of one man, by subjecting our citizens to arrest and imprisonment by military despots, and forcing them to distant parts of the State for trial. And by suspending the writ of *habeas corpus*, at this time more dear to our people than ever before, and we do most earnestly request our Representative, and all other who have regard for peace and good order, and for liberty and law, to vote down this most dangerous and odious proposition.

Resolved 2nd. That in consideration of the respect and regard that we have heretofore been taught to have for our Legislature, we are with shame and astonishment that there are those in that body who desire to hold over beyond the time for which they were elected. That notwithstanding the plain language of the constitution, and the universal understanding of the voters who placed them where they are, there are some (both in and out) of that body, who, for the sake of gain or personal agrandizement, would trample upon the laws of their country, and subvert to their own selfish purposes that solemn compact entered into between the government and the people.

Resolved 3rd. That notwithstanding the depressed pecuniary condition of our county, we are willing to pay promptly all taxes that may be imposed upon us for the proper and legitimate government of our State. But we do earnestly protest against that wild and reckless system of expenditure that characterizes our present Legislature. That we protest against the great increase of public officers and [illegible] extravagant salaries, and especially [illegible] condemn and protest against the [illegible]lessness, with which large sums of the public monies have been placed in the hands of irresponsible persons, and call for an honest and rigid investigation of the acts of all public officers.

Resolved 4th, That we look upon the great changes in our Judicial, State and County government as inconvenient, expensive and injudicious, and that we desire to go back to the old judicial system with which our people are familiar.

Resolved 5th, That as the liberty of speech and freedom of the Press are the great bulwarks of free government, we regard the action of our Supreme Court in the matter of contempt, as detrimental to the best interests and liberties of our common country, in that it seeks to reprove and condemn as treacherous and infamous, that which is worthy and ought to be commended, viz: the denunciation of political prostitution in high places with candor and boldness.

Resolved 6th, That we look upon the efforts of the pretended admirers of the extravagance and villany of a corrupt and irresponsible agency, at Raleigh to attribute the exorbitant taxes of an oppressed constituency to the late war, as untimely, and as being the offspring of an unholy ambition for personal agrandizement and power.

On motion it was ordered that a copy of these resolutions be sent to the Raleigh SENTINEL for publication, and that the Statesville *American*, and Salisbury papers be requested to copy.

On motion the meeting adjourned.

A meeting of the Raleigh Typographical Union was held yesterday (14th) in Temperance Hall, Mr. J. G. Carter, Vice President, in the Chair.

The President explained the object of the meeting to be to take into consideration a circular received from the President of the International Typographical Union, in relation to the telegraphers' strike.

On motion, a committee, consisting of Messrs. H. C. C. Powell, J. S. Hampton and N. B. Broughton, were appointed to draft resolutions expressing the sense of the Union in relation to the strike.

The committee reported the following preamble and resolutions, which were unanimously adopted:

The meeting was large and the enthusiasm very great, showing conclusively the opinion entertained by these gentlemen in regard to the strike of the telegraphers.

WHEREAS, Information has been received through a circular from the President of the International Typographical Union, of the difficulties existing between the Western Union Telegraph Company and the telegraphers employed by it, resulting in a strike on the part of the latter; *and whereas*, while we sincerely regret this difficulty which has caused so much loss to the Company, and so much inconvenience to the general public we, nevertheless, believe that "self preservation is the first law of nature," and that resistance to tyranny and oppression, from whatever source, is but carrying out that doctrine of "self-preservation," therefore be it

Resolved, That the telegraphers, in their resistance to the tyranny and oppression of the Western Union Telegraph Company, in its efforts to reduce their wages, have our full and entire sympathy, and we herewith tender them any and every assistance in our power.

Resolved, That we do most cordially and fully endorse their action, and till them press forward with unflinching devotion to their principles, determined never to give up till the tyranny of capital has been made to tremble and falter before them."

Resolved, That we do especially endorse the course of Messrs. Starke and Bragg, telegraphers of this city, and that they have the kind wishes, not only of Raleigh Typographical Union, but of this entire community.

Resolved, That we learn with astonishment (by a recent telegraph) that certain "rats" or "plugs," utterly lost to every feeling of honor, decency and self-respect, have accepted the situations recently held by the telegraphers of this city, and we, the Typographical Union of Raleigh, in this manner express our condemnation and contempt for such unmanly conduct; and we respectfully but earnestly call upon the city press to reject with contempt any telegrams coming through their hands.

Resolved, That copies of these resolutions be handed to Messrs. Starke and Bragg, that the SENTINEL and *Standard* be requested to publish them, and that a copy be spread on the minutes at our next regular meeting.

A Charter will be at once appied for, notice of application for which has already been given in these columns.

The next meeting of the Association will be held at the Court House, on Thursday evening, 20th inst. Meanwhile papers of subscription may be found at the National Banks of the city and at the office of the North Carolina Home Insurance Company.

LITERARY RELIC.—We noticed, last summer, the visit to this city, of several gentlemen of Philadelphia, among them Rev. Mr. Mockridge, who signified an intention to make a contribution to our State Library of a copy of the Bible in German, in two volumes, embellished in the quaint old German style of art.

Mr. Mitchell, who was also of the party here last summer, called on us yesterday and informed us that the present has arrived and been placed in the Library. The volumes are in a good state of preservation, and of clear print, and is some three hundred years old.

So far as we may appropriately do so, we return thanks to Rev. Mr. Mockridge, in behalf of our people, for this valuable contribution to our State Library, and we suggest to the Legislature, now in session, the propriety of noticing the act in a formal and appropriate resolution of thanks.

CORRESPONDENCE.

COL. SWEET TO JUDGE TOURGEE.

RALEIGH, N. C., Jan. 3rd, 1870.

Judge A. W. Tourgee, Greensboro', N. C.:

DEAR SIR:—Your communication of the 22d ult., was received after some delay, occasioned by my absence from the city. It so far as you therein disclaim ever having reflected upon my integrity and good faith in what I have said, from time to time, in the Senate, about the subject matter of this controversy, (as the Winston *Sentinel* represented you as having done,) it is entirely satisfactory.

While you also relieve me from the imputation of duplicity in my course, in the constitutional Convention, upon the term of office of members of this General Assembly, you make a series of statements in reference thereto, which I cannot, in justice to myself, permit to pass unnoticed.

I, of course, accept your declaration, that it was your honest, deliberate purpose to enlarge said term, but I assure you that I have not the faintest recollection of ever having heard you avow such a purpose, and I am positive that such a purpose was never developed in debate upon my report.

You say that for the purpose of securing such enlargement you prepared a section which you submitted to Col. Heaton, and that he called my attention to it. I know nothing of your having submitted such a section *to* Col. Heaton; I do know, however, that he never called my attention to any such section.

You say that when the report was under consideration, upon third reading, while some one was addressing the Convention, yourself, Col. Heaton and myself retired into the lobby, behind the President's desk and talked it over—that Mr. Heaton insisted that it "would never do"—"would ruin the Constitution," &c., &c.

My answer to these assertions is, that I have no recollection of ever having retired into the lobby to consult with you and Col. Heaton on that or any other subject, and I unhesitatingly concur with Col. Heaton, in the declaration that no such consultation ever occurred. (See Col. Heaton's letter dated Washington D. C. Dec. 28th 1869.)

You say that I then "suggested an amendment to sec. 28—(sec. 27 in the Constitution) instead of the one" you proposed—that you looked it over and changed a word or two by inserting as you say the word "ensuing"—I have already denied any knowledge of your proposed amendment, and as I understand you to allege that all this occurred at the time of the consultation which you assert took place, but which Col. Heaton and myself deny, a second denial is unnecessary.

I am unable to account for your statement except upon the hypothesis that your recollection has been disturbed by the action of the Convention on the terms of our Supreme and Superior Court Judges.

You remember that a large and respectable minority, in the Convention, was opposed to an elective judiciary—that the Committee on the Judiciary, of which you and I were members, was instructed to provide for an elective judiciary—that this having been determined upon, those opposed to an elective judiciary sought to have as long a term as possible, and that it was the purpose of the Convention to enlarge the terms of our Supreme and Superior Court Judges first elected; This was well understood, fully discussed and unequivocally accomplished.

It is not improbable that you have misapplied this enlargement of term, to this General Assembly.

After the Committee on the Legislature, its organization &c., of which I was Chairman, had determined upon two years as the term of office for members of the General Assembly, the suggestion was made by myself in Committee, that the first General Assembly would probably be elected soon after our adjournment, and the question was asked "What shall be done about their term of office?"

My Committee very naturally and promptly assented to the proposal to add to the ordinary term of two years, the time intervening between their election and the 1st Thursday of the succeeding August.—Section 28 of my report (see Convention Journal page 193) was framed by me for the purpose of accomplishing such result. Upon the third reading of my report sec. 28 was stricken out, the Journal says, (erroneously I think) upon my motion and a substitute adopted which became sec. 27 of art. 2 of our Constitution.

I think the Journal is in error in reporting me as the author of the substitute for the following reasons viz:

1st. I was the author of the section stricken out.

2nd. I was originally and continuously in favor of the term expiring on the 1st Thursday of August 1870, as provided in my section which was stricken out, which fact, I doubt not, many members of my Committee remember.

3rd. I never heard any delegate publicly or privately avow any other purpose.

There is no latitude of construction sufficiently broad to harmonize sections 27 and 29 of article 2, of our Constitution.

The conflict is an evident blunder. This blunder would not have been perpetrated if there had been, as you assert, a purpose of accomplishing such enlargement of term.

It was not until after the adjournment of the Convention that I discovered this conflict, and it occasioned a regret as sincere as my surprise is great at the attempt which is being made to represent the Convention as having designed an enlargement of the first legislative term.

I have no intimation of what the solution of the question will be, but if—by action of the General Assembly or by judicial construction of these conflicting sections, the term of this General Assembly should be continued until the 1st Thursday of August, A. D., 1872, I would deserve neither praise nor censure.

I am altogether innocent of any purpose to accomplish such enlargement of term.—Such a construction of the Constitution would do violence to the spirit and purpose of the committee which framed the article on the Legislative Department, and I believe—of the Convention which adopted said article.

I have no hope of being able to effect your judgement upon the issues between us. Your conclusion is dependent upon a chain of errors too circumstantially remembered to justify such a hope.

I have very plainly, though kindly stated my position in this controversy and our mutual friend Col. Heaton—in so far as he is concerned, fully sustains me. I have said all that I have to say upon this subject.

I dismiss it with an expression of my sincere regret that your recollection should so widely differ from that of Col. Heaton and myself.

I am respectfully,
Your obedient servant,
W. H. S. SWEET.

WASHINGTON CITY, Dec. 27, 1869.

Hon. Wm. H. S. Sweet:

DEAR SIR:—I have read the article clipped from the SENTINEL, headed "a sweet affair," and which also, contains an extract from an article purporting to have been taken from a paper called the Winston *Sentinel*.

The statements and charges contained in this "extract" in relation to your action and that of myself, in the late constitutional convention of North Carolina, are absolutely false.

I cannot believe that any such outrageous and ridiculous assertions, as purport to have come from Judge Tourgee, were ever uttered by him.

The list of charges is headed by a falsehood so glaring, as to be, in itself, sufficient to stamp the whole thing as a base fabrication. I allude to the assertion that Judge Tourgee "was chairman of the committee which framed the Legislature article of the constitution." It is well known you were the chairman of that committee.

As to the statements about you and myself "sitting on each side of Tourgee while he exhibited to us the article he had drawn up," and as to our "going behind the speaker's stand to consult," and that "we were delighted with the manner in which he (Tourgee) had succeeded," &c., they are *all* deliberate and unmitigated falsehoods.

No such thing as tricking or deceiving the convention or the people in any manner was ever *thought* of to my knowledge, much less proposed or talked of in my hearing.

When the convention was over, it was with surprise on your part as well as my own that we heard doubts expressed as to the time, intent and meaning of the tenure of office provision.

As to my being a "timid man" in the expression of my sentiments in the convention, I do not believe a single political opponent in that body ever thought of such a thing, much less a political friend.

Along with yourself and others, I *did* try to be *prudent* in the formation of the organic law; especially did we constantly aim to treat every citizen of the State frankly and generously, by divesting the new constitution, as far as possible, of every feature of ostracism on account of political disabilities.

I am sure you can dismiss this matter as far as you are concerned as a brazen attempt at libel. I know I can. I repeat my disbelief that Judge Tourgee ever made the statements attributed to him.

Very Respectfully,
D. HEATON.

LARGE MEETING IN FRANKLIN.

LOUISBURG, Jan. 8th, 1870.

Pursuant to adjournment of the Convention, held in Louisburg, December 4th, 1869, the citizens of the county, irrespective of party or color, assembled in the Court House to day, for the purpose of expressing their indignation at the attempt of the Legislature to fasten upon them the iniquitous Sheffner Holden militia bill, and to consider other matters of public interest.

Dr. Ellis Malone took the chair and appointed Robt. M. Furman, Secretary.

After a few preliminary remarks, Capt. Joseph J. Davis offered the following resolutions, which were unanimously adopted:

Resolved, That we condemn the lavish extravagance that has recently characterized the administration of the State government, and believe, if not arrested, it will result in the bankruptcy and ruin of the State, and her depopulation by driving all men of energy, spirit and enterprise, from her borders.

Resolved, That the fund arising from the tax levied to support a uniform system of free public schools shall be wholly applied to that benificent purpose; and any perversion of it to other uses, whether under the pretense of a loan or otherwise, and, especially, any appropriation of it to support the wasteful extravagance of reckless legislators, and irresponsible, grasping officials, is robbing the poor children of the State, both white and colored, of their just dues, and should meet the unqualified disapprobation of all men, of all colors, and of parties, who desire to see the people of North Carolina intelligent, virtuous and enlightened.

Capt. Davis supported these resolutions with his usual force and ability. He presented statements from the Official Report of the Auditor of the State showing the enormity of the outrage perpetrated upon the people, by the recklessness of the unheard of extravagance of those who have the management of the State finances; commented upon the use made of the School fund, and appealed to the Convention to express their indignation at the manner in which corrupt and irresponsible parties are depriving the poor of the State of even the meagre benefits of a Public School instruction. Capt. Davis' remarks were received with applause, showing that the feelings of the people had been faithfully reflected by what he had said.

Capt. Davis also submitted the following:

WHEREAS, It is the highest prerogative of a free people to meet together and publicly give expression to their views on questions affecting their interests, and Whereas, we believe that the Bill pending in the Legislature of North Carolina, known as the Militia Bill is an attempt to legalize despotism by conferring upon one man the power—controlled—only by "his own judgment"—however influenced that judgement may be by malignant passions or party prejudices, to inaugurate military rule at any time in any county, by declaring the same in a State of insurrection and sending Militia in their midst "to eat out their substance," and impoverish them by burdening the counties to which they are sent by intolerable taxes levied to pay the expenses that may be wantonly incurred in time of peace, in subduing their spirits and paving the way for the overthrow of free government. And Whereas, we believe that the said Bill is the result of a conspiracy on the part of its originators, in conjunction with and in furtherance of the plan to prolong the power of the present Legislature, to prevent a free election in Augusta 1870, as is expressly provided by the Constitution, therefore

Resolved, that we most unqualifiedly condemn the said Bill as subversive of our liberties, and fraught with civil strife, war and bloodshed, at a time of peace and quiet and when the civil law is fully adequate for the protection of life, liberty and property.

Resolved, That we reiterate and re-affirm the sentiments expressed in the resolutions in regard to the attempt on the part of the Legislature to extend their power, adopted by the meeting in this place on the 4th December, 1869.

Capt. Davis supported the resolutions in one of his best efforts.

Also Mr. James T. Harris, Representative from Franklin. During his remarks, Mr. Harris stated that he believed the passage of the Bill would subvert the liberties of the people, said he could not vote for the Bill without perjuring himself. The first great objection to the Bill, was its unconstitutionality, which was universally admitted, even by its advocates,—then it would tend, if not result in bloodshed and civil strife—to avoid which he thought should be the duty of the Legislature, instead of inviting it—and that it would place in the hands of an ambitious, bad, and vindictive man—and he responsible to no party or power except his own judgment—too much power. While he esteemed Gov. Holden very highly, personally, he could not trust him politically. Believed he would wield the power conferred upon him for his own selfish purposes, even at a sacrifice of the interests, and liberties of the people. Contended that he was no radical, but a true Republican. Was a native North Carolinian, and would ever adhere to what he conscientiously believed to be the true interests of his native State.

Said that it was never intended, expressed or implied, during the session of the Convention which framed the Constitution for the Legislature to hold longer than next August. He had opposed the Revenue Bill at the last session, because he thought it would be too onerous upon the people—the tax-payers. Opposed the Bill to reduce tax on poll, without corresponding reduction in that on real property, as an unjust discrimination. Mr. H. concluded his remarks by assuring the people of Franklin, that when his official career should end, they should have no cause to feel ashamed of at least one of their Representatives.

John H. Williamson then took the floor. Said that the gentleman who had spoken had said nothing to change his position in regard to the Militia Bill. He had voted for it, and expected to vote for it on his return to his seat, acknowledged that he knew it to be unconstitutional, but the emergency required strong measures. That in Chatham and some other counties, disguised and unknown parties had maimed and mutilated members of his party, and that the civil authorities had failed to arrest them.

Mr. Jas. T. Harris here stated that the civil authorities had failed because of their inability to find out the perpetrators, and not because of resistance. That the State needed eyes, and not arms.

Capt. Davis arose and called the attention of the Convention to the fact that the speaker (Williamson) had acknowledged that he (W.) knew the Bill to be unconstitutional, that he (W.) had sworn to support the Constitution, and that if he voted for the Bill he would perjure himself, and that if he asserted then that he would swear to a lie, no honest man ought to sit and listen to the speech.

John Williamson then proceeded to state that he honestly believed the Bill would save life, and that he should vote for it.

The resolutions were adopted.

The Committee appointed at the previous meeting, to examine into the financial condition of the County, submitted through their chairman, Jones Fuller, Esq., the following report:

Your Committee appointed to examine into the Financial administration of the County, beg leave to submit the following report.

We repaired to the Office of the Register and Clerk of the Board of Commissioners, who readily exhibited to us all the record of the proceedings of the Board.

We first examined the record for 1865 and 1866, and found the number of orders issued for both years to amount to $6,390.-00. For 1867, the amount was 5,940 48. We did not add up the orders of 1868.—But for 1869, we found the orders issued up to December 9th, 1869, to reach the sum of $17 518.18.

Of this amount the County has claims for $1000, or $1200, against Warren County for prisoners kept in the Franklin jail, and claims against the State for $900, or $1,000, for the board of State prisoners.

We find that this amount is for orders issued up to and including Dec. 9th. Since that time it is probable that $1,000, to $1500, have been added.

We examined the amount of orders issued to one Commissioner, and found it to be $492, up to the 9th of Dec. As there are five Commissioners they cost the County at least $2500 per annum.

We found that the trial of Jas. Wilson against S. T. Wilder for the office of Treasurer of the county, cost the sum of $328,75, paid by the county, on what authority we know not.

We find that an order for $125 was issued to Commissioner Fenner Thurrington, for L. P. Olds, who was employed by said Commissioners, to defend the said S. T. Wilder in the suit brought by Jas. Wilson. We find that the cost of assessing and listing the property in the county was $492, and preparing list for collector $915.

This closed our examination. All of the above report we respectfully submit, without comment.

WHEREAS, We have heard, with profound sorrow, of the death of our beloved classmate ALEX. A. GRAY, who died after a brief illness at his father's residence, near this place, on yesterday evening, (the 7th.)

Resolved, That while we bow in humble submission to this solemn dispensation of Providence, and will ever cherish the memory, and strive to imitate the virtues of our departed brother,—we nevertheless feel an unspoken sadness in the thought that one so young—so full of joyous hope and bright promise of future usefulness, and so universally and deservedly beloved, should thus be cut down in the first buddings of glorious manhood.

Messrs. SMITH, FOSTER, HOLMES & Co.—Salisbury, N. TO THE UNFORTUNATE.

The undersigned having thoroughly investigated the causes and cure of drunkenness produced by alcholic drinks, by the aid of medical science, and having demonstrated by practice upon individual cases to his entire satisfaction and that of others, that the propensity to alcholic drinks is a disease, and that it is curable, offers his services to that unfortunate class of his fellow-citizens.

He will, for the present, remain in this city a few days, and letters addressed to him through the Post-office, will be promptly attended to.—The utmost privacy will be observed, and parties will indicate where he can communicate with them. He has no antidote—administers no nostrum which can be put up in packages, but treats the disease by personal investigation and prescription. He has treated a number of cases successfully, and has not to his knowledge failed in any case, where his advice and remedies have been observed. *He makes no charge if he fails to cure.*

TO COTTON AND TOBACCO PLANTERS AND CORN AND PEANUT GROWERS.

The Norfolk Oil and Fish Guano COMPANY'S.

PHOSPHATIC FISH GUANO.

PRICE $60 PER TON OF 2,000 lbs., AT
NORFOLK, VA.

Manufactured at Norfolk, Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of *bone phosphate* and soda, and nearly as much Ammonia, the effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer.

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcular Saw Mills in workman-like manner for those desiring them.

There are now 440 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position, gives the back-ward and forward motion to the carriage, with a single lever; and set the log at both ends at the same time. *Only* in a saving of one hand in the mill. This is no humbug. I am responsible for what I say. My residence is 26 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

P. J. WRAY.

I will be at Tyan Adams' Store on the 2nd & the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

Mr. P. J. Wray, Dear Sir:—I am much pleased with my double Circular Saw Mill, built by you. I can cut a log 15 inches deep, 20 feet long, in 45 seconds, with my 13 feet overshot wheel. We have to-day cut 8,000 feet weather-boarding, flooring, and inch board, in eight hours.

Dec 23rd 1869. AL. RIDGE PARTIN.

Mr. P. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us. We can only say the amount of lumber that we would with the old Mill of 42 inch saw and same water wheel.

P. YATES.

PRATT'S

"ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and purest illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	83,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 789 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had assumed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
